STATE WILL IMPROVE LOCAL HIGHWAYS THIS SEASON

STATE ROAD COMMISSIONER BIGELOW GIVES ASSURANCE

Chief of Highway Department Goes Over Two Routes

ALONG RIVER BOULEVARD

Improvements to be Important to Valley—Engineers Coming in Day or So

As the result of a brief visit of State Highway Commissioner E. M. Bigelow here Monday, a corps of engineers will be in this vicinity within a few days surveying two routes of roads to be built this season in accordance with the State plan enacted by the Legislature and approved by Governor Tener. There will be two sections of road in this community improved this year one leading from North Charleroi through Charleroi by way of Lincoln avenue extension to connect with the State road to Washington. The other will begin at the end of the improved section of McKean avenue to the south and lead southward through Speers to a point to be decided by Commissioner Bigelow and his assistants. Commissioner Bigelow gave his promise that the work would be finished this season, which means that after the engineers have completed their work, contractors will begin. It will be necessary for the borough of Charleroi to assist somewhat in the work through this borough. Commissioner Bigelow will notify council to what extent it will have to aid as soon as he determines.

Commissioner Bigelow came here at 3 o'clock Monday and remained until about 4:30. He was met by a number of business men and after a conference at the First National bank where he ascertained the wants of the people of this community, he was taken in an automobile over the roads which it is proposed to improve. Those meeting him and going over the routes were R. H. Rush, Kerfoot W. Daly, A. D. Spencer, James J. Hott, Councilmen C. O. Frye and W. R. Gaut and E. C. Niver, editor of the Mail.

As outlined by Commissioner Bigelow and agreed upon by the local delegation, the improvements will be begun at the North Charleroi northern boundary line on the Monongahela road. Leading through that borough over the State road plan this route continues to the borough line near the garbage furnace, to connect with the State road to Washington. This improvement would give a State pike and paved road through to Bentleyville this season, the county having under construction a portion of paved road from the end of the Sprout road up Maple Creek to Bentleyville at the present time.

The second route begins in Charleroi borough, starting at McKean avenue and First street. It leads up the northern side of the railroad through Speers borough and as far as it is possible to finish this season south-

Grade Pupils Make Record

Practically all of Last Year's Sixth, Seventh and Eighth Graders Enroll

Prof James G. Pentz, Superintendent of Schools has called attention to the fact that on the first day of school there were only two or three pupils of the Sixth, Seventh and Eighth grades who had failed to report for enrollment. This is in the four schools and is considered remarkable it being the first time in the history of the schools that such a record has been made.

OLD SCHOOL BAPTISTS WILL MEET

Maple Creek Church to be Scene of This Year's Gathering

MANY IN WEST VIRGINIA

The 135th annual association meeting of the Redstone Old School Baptists will be held Friday, Saturday and Sunday September 1, 2, and 3 at the Maple Creek church in Fallowfield township. Announcement of the meeting has been issued to the members of the association.

Last year the association met at Grafton, W. Va., and enjoyed a very successful three days session. Although most of the members of the association live in Virginia or West Virginia it was decided to hold this year's convention at the Maple Creek church, S. A. Cleavenger will be the minister in charge.

The Redstone Baptist Association is one of the most remarkable religious denominations in existence in this community. It was organized at Turkeyfoot, in Fayette county, in 1776, and in the early days of its existence embraced in its membership many eminent persons, who later figured prominently in religious and other circles. Among its former members were John and Alexander Campbell, founders of the Disciples or Christian denomination. Both fathers

BIG HIGH SCHOOL IS ENROLLED THIS YEAR

Big Freshman Class Enters—And Number in Attendance on First Day is 124—Big Senior Class

PRINCIPALS AND TEACHERS HAVE THEIR HANDS FULL

Charleroi has this year the largest High School in the history of the schools here. There are in all 124 pupils enrolled and more may come later in the week. This means if all the present class finished a graduation class more than double the number last year.

It was expected that the enrollment in High School when school took up would be between 110 and 120. When 124 pupils reported considerable scheming had to be done to arrange for them in the three rooms used for High School in the Fifth street building.

There are 25 members of the senior class. This is the largest last

SEWAGE DISPOSAL MATTER TAKEN UP

Members of Charleroi Committee and Borough Engineer Confer With Monessen Councilmen and Engineer

COMMISSIONER DIXON ADVISES THREE TOWNS JOIN

In response to a suggestion from State Health Commissioner Samuel G. Dixon, Councilman C. O. Frye of the borough committee on sewage disposal and Borough Engineer Paul G. Elder attended a meeting of the Monessen council Monday night. Alexander Potter, of New York City, the engineer named by Monessen council for drawing the plans for the disposal plant of that place, was present and the object of the meeting was to take up the matter of a joint sewage disposal plant advised by Health Commissioner Dixon to be built by Monessen, Charleroi and Donora.

INVESTIGATION OF HOME MANGEMENT IN SECRET SESSION

Although proceeding behind closed doors, it is stated that the investigation of the grand jury at Washington into the charges that the inmates of the Children's Home have been ill treated does not reveal any important disclosures, and that the charges are not being substantiated. There was considerable objection to the star room proceeding of the grand jury, and directors of the poor and the matron of the Children's Home signifying their preference for a public hearing, but the grand jury elected to work in secret.

As previously stated the petition of charges was presented by Miss C. C. Thompson, president of the Children's Aid Society. It is stated that she testified that her charges were based on information received, and were not made from personal knowledge. A number of witnesses were heard, but nothing startling is stated, was developed. A witness testified that she had heard children whipped, but had not witnessed the process. A boy testified that he had been spanked for fighting. The charge was made that children were not given milk and water during the night, but this was denied by the matron. Denial was also made that the home was kept in an unsanitary manner, and witnesses testified that good conditions prevail at all times.

It is the belief at the county seat that the charges will not be sustained and that the poor directors and the matron will be exonerated.

REPUBLICANS TO MEET FRIDAY TO NAME CANDIDATES

A Republican Suggestion Meeting will be held in the borough building on Friday evening, September 1 at 8 o'clock for the purpose of suggesting candidates for the following offices:

One high constable.
One constable.
One auditor.
Two school directors, 2 years.
Two school directors, 4 years.
Three school directors, 6 years.
Three councilmen, 4 years.
One councilman, 2 years.
One assessor.
Two justices of the peace.
Also one judge of election, one inspector, one assistant assessor, and one precinct chairman for each of the six precincts. All Republican voters are requested to be present.
F. L. Crow, Chairman.

Is Tendered Surprise.

Mrs. Margaret McGee of Pittsburgh, who is a guest at the home of Harry Elison, was tendered a pleasant surprise Monday evening by about 50 of her friends here. While she was absent from the house the merry party gathered. Upon her return after she had recovered from her surprise at the greeting, amusements were arranged, music and dancing being the chief diversions.

Ladies Aid of Lutheran Church will give an ice cream social in the church on Wednesday night. 26-12

Stricken Town Burying Dead

Services Are Held And First of Victims of Theatre Horror Are Laid to Rest

Funeral services over the remains of five of the victims of the Canonsburg theatre horror were held Monday afternoon and evening and a number of funerals were held today. Burgess Dunlap issued a proclamation Monday advising stores and business places in Canonsburg to close from 10 to 4 today while the funerals were going on and many followed this advice. Today is a day of mourning in Canonsburg. The bodies are being laid to rest in various cemeteries. The funeral services of George Kay were held Monday evening at the home of the lad's parents, and High School students attended in a body. The interment took place today at Hickory.

BIRTHS EXCEED DEATHS

Stork is Busy Fellow During First Seven Months of Year

STATISTICS IN DISTRICT

His nibs, the stork seems to be working dutifully this year and has a big advantage over the Grim Reaper. Dr. Edwin McKay, register of vital statistics for the district comprising Charleroi, Fallowfield and Twilight this morning made public a report of the deaths and births for the last four months. Totalling the number of deaths and births for this period with that of the previous months, show that there were during the seven months of this year 219 births and 93 deaths. The gain was 126.

The statistics for the last four months to August follow:

	Births.			
	April	May	June	July
Charleroi	30	25	26	30
Fallowfield	3	5	7	3
Twilight	2	1	0	2
Total	35	31	33	35
	Deaths.			
	April	May	June	July
Charleroi	11	13	8	17
Fallowfield	0	3	3	0
Twilight	0	0	0	0
Total	11	16	8	17

Births previous to April numbered 85 and deaths were 41.

Material Shipped to Fayette City to Make Start

THROUGH TO THE YOUGH

Will Gain Access to Much Valuable Territory in Fayette County

Material has been shipped by the P. and L. E. railroad to Fayette City to begin work on the line to be laid connecting that point with the Youghiogheny line in the neighborhood of Dickerson Run. It is expected that work will begin as soon as the weather settles sufficiently, all the surveys having been made and the stakes set.

When finished the connecting line will be one of the most important branches of track along the Pittsburgh and Lake Erie system. Over it will be hauled coal from the rich territory between Fayette City and Dickerson Run and it is expected that later on when the Western Maryland line from Cumberland to Conellsville is completed that the Monongahela valley will get a part of the traffic from the east to Pittsburgh and also a considerable quantity of the traffic from Pittsburgh to Baltimore and other points where the Western Maryland has access. This will be gained by a traffic agreement which has been effected it is said by the Pittsburgh and Lake Erie and the Western Maryland.

EAGLES ANTICIPATE BIG TIME AT CORN ROAST AND OUTING

Elaborate arrangements have been made for the corn roast and outing to be held at Eldora Park Wednesday by Charleroi Aerie, No 390, Fraternal Order of Eagles. Sporting events will be a feature but the corn roast will be the big event of the day. Out of town people are expected to attend. All visitors will be given free corn and plenty of fresh country butter, and the children will receive free amusement tickets. The members of the Eagles are all tip-top good fellows, and will extend the glad hand of welcome to all who attend their outing. Their latch-string will be out for their friends at the park.

A WISE CHOICE.

It is a matter of gratification to know that State Highway Commissioner Edward M. Bigelow has designated some of the State highways leading into Charleroi for improvement this year. In the way of utility, convenience and the accommodation of the greatest number of people in a given territory, it is doubtful if Mr. Bigelow could have selected a community where the public benefit of improved roads will be greater than in this section. By the improvement of a few miles of road a community of at least forty thousand people will be placed within easy communication of each other within a radius of ten or twelve miles. More than that the section is one of the most important industrial communities in the State, and for years it has suffered the same handicap that the big towns did in Allegheny county until Senator Flinn caused a law to be enacted by which the county could build these roads and unite all the contiguous industrial centers.

It is still more important to Charleroi, as well as the whole river section, that the roads to be improved are in the State highway plan. This takes the matter out of county politics and insures proper maintenance of the roads at all times. There will be no "waiting their turn," as when the county makes these improvements. The State plan which is destined to become one of the greatest road systems in the whole United States, thanks to Governor Tener's comprehensive grasp of the situation, will do more for this section than any other single enterprise that could be promoted. With all the big industrial centers as well as the rich agricultural districts of the interior of the county united, a new lease of prosperity is in store for this section.

ATTEND THE CAUCUS.

If, as has been charged in certain quarters, attempts are being made to formulate slates for Republican candidates to be nominated for the various offices at the coming primaries, those who are opposed to this method of political action have an opportunity of interposing their objections in the regular way; namely by attending the suggestion meeting, or caucus and placing in nomination candidates themselves. When this is done there

can be no valid objections as to the party nominees for the borough offices to be filled. Any qualified Republican voter has a legal right to become a candidate for the various offices to be filled, and he can get a place on the ticket by complying with certain conditions that the law specifies. If certain interests favor the nomination and election of certain candidates, it is their inalienable right to place these candidates in nomination, and to work legitimately for their election. If others think certain candidates are inimical to good public policy, it is their right to oppose them with the nomination of other candidates.

It is poor citizenship, however, knowing these conditions, for good citizens to ignore the suggestion meeting and leave the nominations to those who may have private interests to serve. It is the neglect that causes all the misgovernment of the municipalities of the United States which have suffered in this respect. Those who have private interests to serve are onto the job early and late; they see to it that candidates favorable to their schemes are placed in nomination, and these, being regularly nominated, are invariably elected. Those who are disinterested are too often neglectful of the public good, and by their negligence permit the bad conditions that prevail.

The only way to have good government is to nominate and elect good men for office. This can only be done by being active at the beginning. The thing to do is to start right. Attend the caucus. See to it that good and efficient men are placed in nomination for the offices, and then work for their election. As the voters sow they invariably reap.

PICKED UP IN PASSING

"Don't thank me, but work for the passage of the amendment for the \$50,000,000 bond issue," said State Highway Commissioner E. M. Bigelow to the group of business men he had conferred with relative to road improvements in this community. This statement was made as Mr. Bigelow boarded the train yesterday to re-

turn to Pittsburgh, after he had committed himself to make these improvements this season.

Road building is Mr. Bigelow's hobby, and in addition to being one of the most capable engineers in the country he is an enthusiast in his work. He impressed the local committee at once by his air of efficiency, and his comprehensive grasp of the situation. On the way to Speers his practiced eye took in the situation at a glance, and he suggested changes and improvements in the route which his engineers will carry out without having to develop this preliminary work themselves. Indeed, after going over the almost impassable road in Kerfoot W. Daly's auto—driven by the owner, Mr. Bigelow had not the slightest doubt of the imperative necessity of the improvement of the Speers road.

"I have already covered over 3,500 miles in the State by auto during the past month," said Mr. Bigelow, "and nothing surprises me now in the shape of roads."

Later in conversation as to when the proposed improvements would be made Mr. Bigelow signified his intention of starting at once.

"I have not a great many years to live yet," he said, "and as I must build 8,000 miles of roads in the State, I cannot lose any more time than is absolutely necessary."

Friends of Mr. Bigelow state that he would have been willing to have filled the position of State Highway Commissioner without compensation if necessary for the mere sake of carrying out the work which has been his lifelong ambition; namely, to give the State a comprehensive system of roads.

RINGGOLD CAVALRY TO MEET AT BELLE VERNON IN REUNION

Tomorrow the Ringgold Cavalry will begin its first day's session of the annual two days' reunion. The members of the command will be welcomed by Leighty Steen on behalf of Burgess Bedsworth. The response will be by Col. A. J. Greenfield, of Chicago. The Charleroi Brigade will participate in the events tomorrow evening. Capt. R. Dale Jolliffe requests all members to be at the corner of Fifth street and McKean avenue at 6:30 o'clock.

ward. This route will eliminate three dangerous grade crossings to say nothing of cutting off considerable from the present road, which is a curving and round about way. One of the grade crossings would be between Charleroi and Speers, another at Speers and another, the dangerous Beechwood crossing, where two years ago two persons were killed in an automobile fatality.

Both the routes are on the proposed river boulevard, and would be beneficial to a large territory. It is also quite probable that the road from Charleroi to Monongahela and thence to Finleyville will be improved this season. It is proposed to have a route run through or near Donora so as to connect it with the boulevard.

Charleroi borough will have its part of the improving to do along Lincoln avenue. Council some time ago took up the matter of improvement on that street and it was suggested at the time that there was a possibility of securing State aid. Along unimproved sections of the route the State will do the entire work. Commissioner Bigelow will suggest to Speers borough that it pave from the State Highway at the Speers street railway station to the Belle Vernon bridge.

With the improvements to be made a large territory will be affected. All the county residents in the vicinity of Charleroi approach this borough by either one or other of the routes. Heretofore a part of the roads has been well nigh impassable during the winter. Monessen and Belle Vernon will likewise be benefitted at least until the road connecting these two boroughs on the east side of the river is improved.

It was expected that Governor J. K. Tener would accompany Commissioner E. M. Bigelow to Charleroi as the former is vitally interested in improvements that will benefit his home town, but the Chief Executive was unable to leave his official duties long enough to make the trip. It is safe to assume however that Governor Tener will be in hearty accord with the plans for immediate improvement of the roads of this community.

In the Present.
With the wise man it is always time.

There never was known such a powerful drawing ointment as San Cura. Wherever it has been used it has created astonishment. It drew a needle out of the foot of the daughter of Mrs. James Hitchcock, of Centerville, Pa., after the doctor had used his lance and failed.

Nothing so healing or antiseptic can be purchased today. It possesses so much healing virtue that it is guaranteed by W. F. Hennings' to quickly cure any kind of piles, eczema, tetter, salt rheum, boils, carbuncles, ulcers, all kinds of chronic sores, chilblains, and chapped hands or money back.

It's a mighty handy remedy to have in the house in emergencies such as bruises, burns, cuts or scalds, because it kills the pain instantly. It's medicine chest in itself—a little family physician that is ever in demand. 25c and 50 c a jar at W. F. Hennings.

The promoter of sporting events had hardly seated himself in his modest office when a male person of unmistakably English exterior opened the door and approached him affably.

"Old chap!" said he, "I represent Lord Harduppe, old chap. I'm his manager and all that sort of—"

"Lord Harduppe, who is to marry Miss Nothyng-Butte, the American millionaire?" queried the promoter.

"The same, old chap. The wedding takes place Tuesday week. His lordship naturally could not call upon you in person, but any arrangement that I may make with you will be quite satisfactory to him, I assure you."

"What's his lordship's game?" asked the promoter of sporting events. "Does he want me to pull off a prize fight at his bachelor dinner, or what?"

The manager of his lordship smiled mysteriously, drew his chair a bit closer to the other's and whispered a few words.

"What!" cried the promoter. "No!"

"Yes, really; upon my word, old chap!" said his visitor. "You shall have the full American rights. All his lordship asks is 10,000 down and 40 per cent. of the gross receipts."

You know, of course, old chap, that it's quite unprecedented socially, and all that sort of thing, but his lordship needs the money, as you Americans say, and, really, it's such a piping chance, he can't afford to let it pass. It will be the easiest thing in the world, you know, to hide the machine among the flowers at the altar. Why, my word, old chap, you ought to be able to book this thing in every theater in your blooming country!"

And thus, for the first time on record, was sold the moving-picture privilege at a fashionable international wedding.—Brooklyn Times.

Unnecessary Advice.

A Boston school teacher, on attiring after 49 years' service, had these suggestions to make to young women teachers: "A little harmless flirting with nice people with whom you are acquainted will do much to rest the tired mind after the arduous duties of the schoolroom; be a live wire every minute; do not eat too much."

Advice is given to those who need it; it is easy to guess what young Boston school teachers are like.

Industrious Jackdaws.

Sixty-seven sacksful of sticks have been discovered on top of the tower of St. Michael's church, Exeter, England. They had been carried there by jackdaws for nest building.

GUARANTY OF HIS SILENCE

Presence of Masterful Wife in Church
Stopped Objectionable Noise Man
Thought Was Singing.

Unexpectedly a city pastor who encouraged congregational singing gained a new parishioner. Keen though his delight in hearing his people sing, there was one member of his flock whose endeavors he never encouraged. But the man sang without encouragement, much to the discomfort of pewholders anywhere near him, who claimed that his loud, unmusical voice threw them out of tune and tune.

Repeated complaints convinced the minister that somebody would have to assume the responsibility of silencing the ambitious singer. He decided that the man's wife was best fitted for the job. Owing to a difference in religious views husband and wife attended different churches, but the minister knew her, so he called and explained his predicament. She was genuinely surprised.

"Do you mean to say he sings?" she said.

"Tries to," amended the pastor. "He thought a minute. 'I shall have to come there to church,' she said."

"I shall be glad to see you," said the minister, "but what effect will that have on your husband's singing?"

The look she gave him was more significant than words, and they meant a good deal.

"John will never open his mouth when I am around," she said. And John never has.

Wore Outer Clothing Only.

Centuries ago, as Sir Walter Scott says in "Ivanhoe," men wore one thickness of clothes, whether of wool, leather or velvet. The shirt was vented, but for a long time was worn only by the nobility and gentry. Then followed the waistcoat, breeches and later on, trousers. The overcoat, which succeeded the medieval cloak, was rare until the seventeenth century.

Had Laugh on the Dog.

An Irishman went into a butcher shop and bought a pound of soup meat. He then asked the butcher to write out a recipe, explaining how to cook it, and the butcher did so. As the Irishman was leaving the butcher shop with the meat in his hand a big black dog strolled up behind him and stole it. The Irishman shouted at the dog: "That's the time I fooled you. Ye haven't got the recipe to cook it!"

er and son served successively as moderator and secretary of the association. The late John Shanton, while a resident of Charleroi, had charge of the minute book which showed the handwriting of these eminent divines in recording the minutes of the annual meetings.

Another former member who afterward achieved distinction, but in a

somewhat different manner, was the late Sidney Rigdon, who became a follower of Joseph Smith the great Mormon leader. Rigdon is said to have had a hand in compiling and printing the Book of Mormon, or what is known as the Mormon bible. His name and utterances were recorded in the old minute book of the Red-stone Baptist Association, which was in the possession of Mr. Shanton while a resident of Charleroi.

BUSINESS CLEARED UP AT MEETING OF CHURCH LEAGUE

Business of the 1911 season was cleared up at a meeting of the executive committee of the Church league Monday evening. The feature of the meeting was the reading of the final report of Treasurer C. S. McKean, which was approved.

Three of the heaviest expenditures for the season were for repairing the grounds, \$204.29, baseballs, \$150, umpires, \$104, and ground keeper \$130. Total receipts were \$907.19, and total expenditures were \$821.51, leaving a balance of \$85.68 in the treasury. Each club was awarded \$10.

FISH DIE FROM THE EFFECT OF ACID IN WATER

The manner in which fish have been caught at Rices Landing within the past few days is astonishing says the Waynesburg Times. It is said to be on account of the laral leaves which fall into Cheat River, coloring that stream almost a dense black and also carrying the same coloring matter into the broader and deeper channel of the river. Not only the coloring matter but also certain alkaloid poisons of a deadly nature are thus conveyed into the waters of the placid Monongahela and many fish have been killed by these currents of poison.

In Pumpkin Run, a little stream which empties into the Monongahela river at Rices Landing, near the school house, more than 200 pounds of fish were caught yesterday. It is extremely difficult to decide whether or not captured is the proper word, since no resistance was offered and apparently the fish were practically helpless.

Boys wading slightly more than knee deep could catch them up by the handfuls and a more interesting sight, it is stated, is a resident of Rices Landing, was never seen in that vicinity.

Just how long this slaughter of the finny tribe is to continue is an unsettled question and may indeed never be satisfactorily answered. While trees continue to drop leaves and runs and rivers do not cease to flow there is reason for believing that the poisons will circulate. The fish and game commission has taken the matter under advisement and some steps to eliminate the trouble may soon be taken.

RAILROAD WILL INSTRUCT ALONG SAFETY MOVEMENT

The Pennsylvania Railroad company has announced that it intends to prosecute even more vigorously its work of instructing its employees in the art of rendering "First Aid to the Injured." Lectures are to be given to employees all over the system, and the men have been notified that attendance at the lectures and the interest shown in them will be considered when they are up for promotion.

It is expected through this plan of education eventually to reach all employees who may be called upon to give aid. Official records show that in 1908, 1909 and 1910, exactly 15,667 men received instruction on this subject.

In order to make this educational work as valuable as possible to the community, officers of the Company have decided to invite to the lectures in the various cities, towns and boroughs where they are given, the local firemen and policemen, men liable at any time to be called on to utilize such instruction.

STATE WILL IMPROVE LOCAL HIGHWAYS THIS SEASON

STATE ROAD COMMISSIONER - BIGELOW GIVES ASSURANCE

Chief of Highway Department Goes Over Two Routes

ALONG RIVER BOULEVARD

Improvements to be Important to Valley-Engineers Coming in Day or So

As the result of a brief visit of State Highway Commissioner E. M. Bigelow here Monday, a corps of engineers will be in this vicinity within a few days surveying two routes of roads to be built this season in accordance with the State plan enacted by the Legislature and approved by Governor Tener. There will be two sections of road in this community improved this year one leading from North Charleroi through Charleroi by way of Lincoln avenue extension to connect with the State road to Washington. The other will begin at the end of the improved section of McKean avenue to the south and lead southward through Speers to a point to be decided by Commissioner Bigelow and his assistants. Commissioner Bigelow gave his promise that the work would be finished this season, which means that after the engineers have completed their work, contractors will begin. It will be necessary for the borough of Charleroi to assist somewhat in the work through this borough. Commissioner Bigelow will notify council to what extent it will have to aid as soon as he determines.

Commissioner Bigelow came here at 3 o'clock Monday and remained until about 4:30. He was met by a number of business men and after a conference at the First National bank where he ascertained the wants of the people of this community, he was taken in an automobile over the roads which it is proposed to improve. Those meeting him and going over the routes were R. H. Rush, Kerfoot W. Daly, A. D. Spencer, James J. Hott, Councilmen C. O. Frye and W. R. Gaut and E. C. Niver, editor of the Mail.

As outlined by Commissioner Bigelow and agreed upon by the local delegation, the improvements will be begun at the North Charleroi northern boundary line on the Monongahela road. Leading through that borough over the State road plan this route continues to the borough line near the garbage furnace, to connect with the State road to Washington. This improvement would give a State pike and paved road through to Bentleyville this season, the county having under construction a portion of paved road from the end of the Sprout road up Maple Creek to Bentleyville at the present time.

The second route begins in Charleroi borough, starting at McKean avenue and First street. It leads up the northern side of the railroad through Speers borough and as far as it is possible to finish this season south-

Grade Pupils Make Record

Practically all of Last Year's Sixth, Seventh and Eighth Graders Enroll

Prof James G. Pentz, Superintendent of Schools has called attention to the fact that on the first day of school there were only two or three pupils of the Sixth, Seventh and Eighth grades who had failed to report for enrollment. This is in the four schools and is considered remarkable it being the first time in the history of the schools that such a record has been made.

OLD SCHOOL BAPTISTS WILL MEET

Maple Creek Church to be Scene of This Year's Gathering

MANY IN WEST VIRGINIA

The 135th annual association meeting of the Redstone Old School Baptists will be held Friday, Saturday and Sunday September 1, 2, and 3 at the Maple Creek church in Fallowfield township. Announcement of the meeting has been issued to the members of the association.

Last year the association met at Grafton, W. Va., and enjoyed a very successful three days session. Although most of the members of the association live in Virginia or West Virginia it was decided to hold this year's convention at the Maple Creek church. S. A. Clevenger will be the minister in charge.

The Redstone Baptist Association is one of the most remarkable religious denominations in existence in this community. It was organized at Turkeyfoot, in Fayette county, in 1776, and in the early days of its existence embraced in its membership many eminent persons, who later figured prominently in religious and other circles. Among its former members were John and Alexander Campbell, founders of the Disciples or Christian denomination. Both faith-

BIG HIGH SCHOOL IS ENROLLED THIS YEAR

Big Freshman Class Enters--And Number in Attendance on First Day is 124--

Big Senior Class

PRINCIPALS AND TEACHERS HAVE THEIR HANDS FULL

Charleroi has this year the largest High School in the history of the schools here. There are in all 124 pupils enrolled and more may come later in the week. This means if all the present class finished a graduation class more than double the number last year.

It was expected that the enrollment in High School when school took up would be between 110 and 120. When 124 pupils reported considerable scheming had to be done to arrange for them in the three rooms used for High School in the Fifth street building.

There are 25 members of the senior class. This is the largest last year class High School has ever had and it is said that there are good indications for every member of it finishing. There are 67 members of the Freshman class and 32 members of the junior class.

There is a possibility that another teacher will have to be elected to High School. Prof W. A. Swick, the principal, Miss Mary Walters and Charles Dinley composing the faculty will more than have their hands full. Last year there were three teachers required and the enrollment was only 88. The year before there was an enrollment of 75 and there were three teachers. During the previous year to that there was a High School enrollment of 65.

SEWAGE DISPOSAL MATTER TAKEN UP

Members of Charleroi Committee and Borough Engineer Confer With Monessen Councilmen and Engineer

COMMISSIONER DIXON ADVISES THREE TOWNS JOIN

In response to a suggestion from State Health Commissioner Samuel G. Dixon, Councilman C. O. Frye of the borough committee on sewage disposal and Borough Engineer Paul G. Elder attended a meeting of the Monessen council Monday night. Alexander Potter, of New York City, the engineer named by Monessen council for drawing the plans for the disposal plant of that place, was present and the object of the meeting was to take up the matter of a joint sewage disposal plant advised by Health Commissioner Dixon to be built by Monessen, Charleroi and Donora.

All that was done at the meeting was to talk over the matter. No Donora councilmen were present, after starting in an automobile and being forced to return by the rain. Mr. Potter made a talk and said it was a question whether the three towns could build a joint disposal plant cheaper and better than for each town to build its own. To determine this matter would require considerable calculating. The matter will be held up for the present.

INVESTIGATION OF HOME MANGEMENT IN SECRET SESSION

Although proceeding behind closed doors, it is stated that the investigation of the grand jury at Washington into the charges that the inmates of the Children's Home have been ill treated does not reveal any important disclosures, and that the charges are not being substantiated. There was considerable objection to the star room proceeding of the grand jury, and directors of the poor and the matron of the Children's Home signifying their preference for a public hearing, but the grand jury elected to work in secret.

As previously stated the petition of charges was presented by Miss C. C. Thompson, president of the Children's Aid Society. It is stated that she testified that her charges were based on information received, and were not made from personal knowledge. A number of witnesses were heard, but nothing startling is stated, was developed. A witness testified that she had heard children whipped, but had not witnessed the process. A boy testified that he had been spanked for fighting. The charge was made that children were not given milk and water during the night, but this was denied by the matron. Denial was also made that the home was kept in an unsanitary manner, and witnesses testified that good conditions prevail at all times.

It is the belief at the county seat that the charges will not be sustained and that the poor directors and the matron will be exonerated.

REPUBLICANS TO MEET FRIDAY TO NAME CANDIDATES

A Republican Suggestion Meeting will be held in the borough building on Friday evening, September 1 at 8 o'clock for the purpose of suggesting candidates for the following offices:

One high constable
One constable.
One auditor.
Two school directors, 2 years.
Two school directors, 4 years.
Three school directors, 6 years.
Three councilmen, 4 years.
One councilman, 2 years.
One assessor.
Two justices of the peace.
Also one judge of election, one inspector, one assistant assessor, and one precinct chairman for each of the six precincts. All Republican voters are requested to be present.

F. L. Crow,
Chairman.

Is Tendered Surprise.
Mrs. Margaret McGee of Pittsburgh, who is a guest at the home of Harry Elson, was tendered a pleasant surprise Monday evening by about 10 of her friends here. While she was absent from the house the merry party gathered. Upon her return after she had recovered from her surprise at the greeting, amusements were arranged, music and dancing being the chief diversions.

Ladies Aid of Lutheran Church will give an ice cream social in the church on Wednesday night.

Services Are Held And First of Victims of Theatre Horror Are Laid to Rest

Funeral services over the remains of five of the victims of the Canonsburg theatre horror were held Monday afternoon and evening and a number of funerals were held today. Burgess Dunlap issued a proclamation Monday advising stores and business places in Canonsburg to close from 10 to 4 today while the funerals were going on and many followed this advice. Today is a day of mourning in Canonsburg. The bodies are being laid to rest in various cemeteries. The funeral services of George Kay were held Monday evening at the home of the lad's parents, and High School students attended in a body. The interment took place today at Hickory.

BIRTHS EXCEED DEATHS

Stork is Busy Fellow During First Seven Months of Year

STATISTICS IN DISTRICT

His nibs, the stork seems to be working dutifully this year and has a big advantage over the Grim Reaper. Dr. Edwin McKay, register of vital statistics for the district comprising Charleroi, Fallowfield and Twilight this morning made public a report of the deaths and births for the last four months. Totalling the number of deaths and births for this period with that of the previous months, show that there were during the seven months of this year 219 births and 93 deaths. The gain was 126.

The statistics for the last four months to August follow:

	Births.				
	April	May	June	July	
Charleroi	30	25	25	30	
Fallowfield	3	5	7	3	
Twilight	2	1	0	2

THROUGH TO THE YOUGH Will Gain Access to Much Valuable Territory in Fayette County

Material has been shipped by the P. and L. E. railroad to Fayette City to begin work on the line to be laid connecting that point with the Youghiogheny line in the neighborhood of Dickerson Run. It is expected that work will begin as soon as the weather settles sufficiently, all the surveys having been made and the stakes set.

When finished the connecting line will be one of the most important branches of track along the Pittsburgh and Lake Erie system. Over it will be hauled coal from the rich territory between Fayette City and Dickerson Run and it is expected that later on when the Western Maryland line from Cumberland to Connellsville is completed that the Monongahela valley will get a part of the traffic from the east to Pittsburgh and also a considerable quantity of the traffic from Pittsburgh to Baltimore and other points where the Western Maryland has access. This will be gained by a traffic agreement which has been effected it is said by the Pittsburgh and Lake Erie and the Western Maryland.

EAGLES ANTICIPATE BIG TIME AT CORN ROAST AND OUTING

Elaborate arrangements have been made for the corn roast and outing to be held at Eldora Park Wednesday by Charleroi Aerie, No. 390, Fraternal Order of Eagles. Sporting events will be a feature but the corn roast will be the big event of the day. Out of town people are expected to attend. All visitors will be given free corn and plenty of fresh country butter, and the children will receive free amusement tickets. The members of the Eagles are all tip-top good fellows, and will extend the glad hand of welcome to all who attend their outing. Their latch-string will be out for their friends at the park.

A WISE CHOICE.

It is a matter of gratification to
know that State Highway Commis-
sioner Edward M. Bigelow has des-
ignated some of the State highways
leading into Charleroi for improve-
ment this year. In the way of utility,
convenience and the accommodation
of the greatest number of people in a
given territory, it is doubtful if Mr.
Bigelow could have selected a com-
munity where the public benefit of im-
proved roads will be greater than
in this section. By the improvement
of a few miles of road a community
of at least forty thousand people will
be placed within easy communication
with each other within a radius of ten
or twelve miles. More than that the
section is one of the most important
industrial communities in the State,
and for years it has suffered the same
handicap that the big towns did in Al-
legheny county until Senator Plinn
caused a law to be enacted by which
the county could build these roads and
unite all the contiguous industrial cen-
ters.

It is still more important to Char-
leroi, as well as the whole river sec-
tion, that the roads to be improved
are in the State highway plan. This
takes the matter out of county politics
and insures proper maintenance of
the roads at all times. There will be
no "waiting their turn," as when the
county makes these improvements.
The State plan which is destined to
become one of the greatest road sys-
tems in the whole United States, thanks
to Governor Tener's compre-
hensive grasp of the situation, will
do more for this section than any
other single enterprise that could be
promoted. With all the big industrial
centers as well as the rich agricul-
tural districts of the interior of the
county united, a new lease of pros-
perity is in store for this section.

ATTEND THE CAUCUS.

If, as has been charged in certain
quarters, attempts are being made to
formulate slates for Republican can-
didates to be nominated for the var-
ious offices at the coming primaries,
those who are opposed to this method
of political action have an opportu-
nity of interposing their objections in
the regular way, namely by attend-
ing the suggestion meeting, or caucus
and placing in nomination candidates
themselves. When this is done there

can be no valid objections as to the
party nominees for the borough of-
fices to be filled. Any qualified Re-
publican voter has a legal right to be-
come a candidate for the various of-
fices to be filled, and he can get a
place on the ticket by complying
with certain conditions that the law
specifies. If certain interests favor
the nomination and election of certain
candidates, it is their inalienable
right to place these candidates in
nomination, and to work legitimately
for their election. If others think
certain candidates are inimical to
good public policy, it is their right
to oppose them with the nomination
of other candidates.

It is poor citizenship, however,
knowing these conditions, for good
citizens to ignore the suggestion meet-
ing and leave the nominations to
those who may have private interests
to serve. It is the neglect that causes
all the misgovernment of the mun-
icipalities of the United States which
have suffered in this respect. Those
who have private interests to serve
see to it that candidates favorable to
their schemes are placed in nomina-
tion, and these, being regularly nomi-
nated, are invariably elected. Those
who are disinterested are too often
neglectful of the public good, and by
their negligence permit the bad con-
ditions that prevail.

The only way to have good govern-
ment is to nominate and elect good
men for office. This can only be done
by being active at the beginning. The
thing to do is to start right. Attend
the caucus. See to it that good and
efficient men are placed in nomination
for the offices, and then work for
their election. As the voters sow they
invariably reap.

ELECTRIC SPARKS

One of the main qualifications of
a woman when she marries a man,
naturally enough, is to wash dishes.

The Pennsylvania man who
chased his wife into the river so that
she drowned evidently though he
had plenty of justification.

The women in the towns where
they have women cops have the men
under complete subjection. They even
arrest the men for flirting with the
cops.

When a man buys a device he
thinks is the best for a certain kind
of work there's always somebody to
come around and tell him how much
superior another make is.

If a tramp can accumulate \$370,000
in a life time there certainly ought
to be some chance for the rest of us.

Lament.
I dare not use the old words,
I cannot use the new,
"O fudge, O joy, and gracious my."
Authorities taboo.
I've been a perfect lady, so
"Damn" has a naughty ring,
But relief this cussing brings one, say
It's just the dearest thing.

Farmers and candidates are the
only class of people who ever really
enjoy picnics.

Writing poetry is about as labor-
ous a pursuit in another way as
pounding stones.

Abe Martin says that its going to
be pretty hard picking for the boy
with a nickle-theatre education.

Some men and beasts never see a

but who would want it.

has worked a hardship on many a
corner loafer.

PICKED UP IN PASSING

"Don't thank me, but work for the
passage of the amendment for the
\$50,000,000 bond issue," said State
Highway Commissioner E. M. Bige-
low to the group of business men he
had conferred with relative to road
improvements in this community. This
statement was made as Mr. Bigelow
boarded the train yesterday to re-

turn to Pittsburg, after he had com-
mitted himself to make these im-
provements this season.

Road building is Mr. Bigelow's hob-
by, and in addition to being one of the
most capable engineers in the coun-
ty he is an enthusiast in his work.
He impressed the local committee at
once by his air of efficiency, and his
comprehensive grasp of the situation.
On the way to Speers his practiced
eye took in the situation at a glance,
and he suggested changes and im-
provements in the route which his en-
gineers will carry out without having
to develop this preliminary work
themselves. Indeed, after going over
the almost impassable road in Kerfoot
W. Daly's auto—driven by the owner,
Mr. Bigelow had not the slightest doubt
of the imperative necessity of the im-
provement of the Speers road.

"I have already covered over 2,500
miles in the State by auto during the
past month," said Mr. Bigelow, "and
nothing surprises me now in the
shape of roads."

Later in conversation as to when
the proposed improvements would be
made Mr. Bigelow signified his in-
tention of starting at once.

"I have not a great many years to
live yet," he said, "and as I must
build 8,000 miles of roads in the
State, I cannot lose any more time
than is absolutely necessary."

Friends of Mr. Bigelow state that
he would have been willing to have
filled the position of State Highway
Commissioner without compensation
if necessary for the mere sake of
carrying out the work which has been
his lifelong ambition; namely, to give
the State a comprehensive system of
roads.

RINGGOLD CAVALRY TO MEET AT BELLE VERNON IN REUNION

Tomorrow the Ringgold Cavalry will
begin its first day's session of the an-
nual two days' reunion. The mem-
bers of the command will be welcom-
ed by Leighty Steen on behalf of
Burgess Bedsworth. The response will
be by Col. A. J. Greenfield, of Chicago.
The Charleroi Brigade will partici-
pate in the events tomorrow evening.
Capt. R. Dale Joffile requests all
members to be at the corner of Fifth
street and McKean avenue at 6:30
o'clock.

ROAD COMMISSIONER GIVES ASSURANCE

Continued from first pag

ward. This route will eliminate
three dangerous grade crossings to
say nothing of cutting off considerable
from the present road, which is a
curving and round about way. One of
the grade crossings would be between
Charleroi and Speers, another at
Speers and another, the dangerous
Beechwood crossing, where two years
ago two persons were killed in an
automobile fatality.

Both the routes are on the pro-
posed river boulevard, and would be
beneficial to a large territory. It is
also quite probable that the road
from Charleroi to Monongahela and
thence to Finleyville will be improved
this season. It is proposed to have
a route run through or near Donora
so as to connect it with the boulevard.

Charleroi borough will have its
part of the improving to do along
Lincoln avenue. Council some time
ago took up the matter of improve-
ment on that street and it was sug-
gested at the time that there was a
possibility of securing State aid.
Along unimproved sections of the
route the State will do the entire
work. Commissioner Bigelow will
suggest to Speers borough that it
pave from the State Highway at the
Speers street railway station to the
Belle Vernon bridge.

With the improvements to be made
a large territory will be affected. All
the county residents in the vicinity of
Charleroi approaches this borough by
either one or other of the routes.
Heretofore a part of the roads has
been well nigh impassable during the
winter. Monessen and Belle Vernon
will likewise be benefitted at least
until the road connecting these two
boroughs on the east side of the river
is improved.

It was expected that Governor J.
K. Tener would accompany Commis-
sioner E. M. Bigelow to Charleroi as
the former is vitally interested in im-
provements that will benefit his home
town, but the Chief Executive was un-
able to leave his official duties long
enough to make the trip. It is safe
to assume however that Governor
Tener will be nearly accord with
the plans for immediate improvement
of the roads of this community.

In the Present,
With the wise man it is always
time.

Marvelous Antiseptic that Draws
Glass, Wood and Needles from
The Flesh.

There never was known such a
powerful drawing ointment as San
Cura. Wherever it has been used it
has created astonishment. It drew a
needle out of the foot of the daughter
of Mrs James Hitchcock, of Center-
ville, Pa., after the doctor had used
his lance and failed.

Nothing so healing or antiseptic can
be purchased today. It possesses so
much healing virtue that it is guaran-
teed by W. F. Hennings' to quickly
cure any kind of piles, eczema, tetter,
salt rheum, boils, carbuncles, ulcers,
all kinds of chronic sores, chilblains,
and chapped hands or money back.

It's a mighty handy remedy to have
in the house in emergencies such as
bruises, burns, cuts or scalds, because
it kills the pain instantly. It's medi-
cine chest in itself—a little family
physician that is ever in demand. 25c
and 50 c a jar at W. F. Hennings'.

Best Skin Soap.

Is San Cura Soap, because of its great
antiseptic and healing virtues. Use it
regularly, and it will make the skin
soft and velvety; will remove pimples
and blackheads. It's the real soap for
babies' tender skin, which mothers of
infants should remember. 25 cents a

NEXT THING IN ENTERPRISE

Moving Picture Privilege at Fashion-
able International Wedding Should
Sell for Good Sum.

The promoter of sporting events
had hardly seated himself in his mod-
est office when a male person of un-
mistakably English-exterior opened the
door and approached him affably.

"Old chap!" said he, "I represent
Lord Harduppe, old chap. I'm his
manager and all that sort of—"

"Lord Harduppe, who is to marry
Miss Nothyng-Butte, the American
millionaire?" queried the promoter.

"The same, old chap. The wedding
takes place Tuesday week. His lord-
ship naturally could not call upon you
in person, but any arrangement that I
may make with you will be quite sat-
isfactory to him, I assure you."

"What's his lordship's game?" asked
the promoter of sporting events.

"Does he want me to pull off a prize
fight at his bachelor dinner, or what?"
The manager of his lordship smiled
mysteriously, drew his chair a bit
closer to the other's and whispered a
few words.

"What!" cried the promoter. "No!"

"Yes, really; upon my word, old
chap!" said his visitor. "You shall
have the full American rights. All
his lordship asks is 10,000 down and
49 per cent of the gross receipts.

You know, of course, old chap, that
it's quite unprecedented socially, and
all that sort of thing, but his lordship
needs the money, as you Americans
say, and, really, it's such a piping
chance, he can't afford to let it pass.

It will be the easiest thing in the
world, you know, to hide the machine
among the flowers at the altar. Why,
my word, old chap, you ought to be
able to book this thing in every the-
ater in your blooming country!"

And thus, for the first time on re-
cord, was sold the moving-picture priv-
ilege at a fashionable international
wedding.—Brooklyn Times.

Unnecessary Advice.

A Boston school teacher, on at-
tending after 49 years' service, had these
suggestions to make to young women
teachers: "A little harmless flirting
with nice people with whom you are
acquainted will do much to rest the
tired mind after the arduous duties
of the schoolroom; be a live wire ev-
ery minute; do no. eat too much."

Advice is given to those who need it;
it is easy to guess what young Boston
school teachers are like.

Industrious Jackdaws.

Sixty-seven sackfuls of sticks have
been discovered on top of the tower
of St. Michael's church, Exeter, Eng-
land. They had been carried there by
jackdaws for nest building.

GUARANTY OF HIS SILENCE

Presence of Masterful Wife in Church
Stopped Objectionable Noise Man
Thought Was Singing.

Unexpectedly a city pastor who en-
couraged congregational singing
gained a new parishioner. Keen
though his delight in hearing his peo-
ple sing, there was one member of his
flock whose endeavors he never en-
couraged. But the man sang without
encouragement, much to the discom-
fort of pewholders anywhere near
him, who claimed that his loud, un-
musical voice threw them out of time
and tune.

Repeated complaints convinced the
minister that somebody would have
to assume the responsibility of sil-
encing the ambitious singer. He de-
cided that the man's wife was best
fitted for the job. Owing to a dif-
ference in religious views husband
and wife attended different churches,
but the minister knew her, so he
called and explained his predicament.
She was genuinely surprised.

"Do you mean to say he sings?"
she said.

"Tries to," amended the pastor.

She thought a minute. "I shall
have to come there to church," she
said.

"I shall be glad to see you," said
the minister. "but what effect will
that have on your husband's sing-
ing?"

The look she gave him was more
significant than words, and they
meant a good deal.

"John will never open his mouth
when I am around," she said.

And John never has.

Wore Outer Clothing Only.

Centuries ago, as Sir Walter Scott
says in "Ivanhoe," men wore one
thickness of clothes, whether of wool
leather or velvet. The shirt was in-
vented, but for a long time was worn
only by the nobility and gentry. Then
followed the waistcoat, breeches and
later on, trousers. The overcoat,
which succeeded the mediaeval cloak,
was rare until the seventeenth cen-
tury.

Had Laugh on the Dog.

An Irishman went into a butcher
shop and bought a pound of soup meat.
He then asked the butcher to write out
a recipe, explaining now to cook it,
and the butcher did so. As the Irish-
man was leaving the butcher shop
with the meat in his hand a big black
dog strolled up behind him and stole
it. The Irishman shouted at the dog:
"That's the time I fooled you. Ye
haven't got the recipe to cook it!"

more trade? Is there anything worrying you in connection
with the growth of your business?

WE HAVE THE REMEDY

We have retained the services locally of the greatest retail and bank
advertising expert in this country, Dundas Henderson, and now put his
services at your disposal. Write out an account of your whole business
troubles freely and frankly and send them to this office. We will pass
the letter on to Mr. Henderson and you will receive from him in a few days
a solution of your difficulties—the same kind of solution that has made
success for thousands of merchants in the same position as yourself.

It may be that a new style of adver-
tising will make a difference in your
business.

Possibly a certain kind of advertising
folder that has brought success to others
is what you need.

A particular method of window dress-
ing may be what will bring you the suc-
cess you lack.

Special salesmanship that has made
success in similar circumstances may be
indicated in your business.

Some scheme of a novel kind that will
bring the money pouring into your mon-
drawer is possible.

Your competitors may be worrying you
and you want a knowledge of the latest
method of fighting them.

You may need help in getting in your
bad debts—a few hints can be given that
have materially helped OTHERS out of
trouble.

How to conduct a special sale or sales,
may possibly be the shortest way out of
your worries.

But Whatever it is, Send the Fullest Par-
ticulars of Your Troubles to This Depart-
ment and Let Dundas Henderson Help You

BUSINESS CLEARED UP AT MEETING OF CHURCH LEAGUE

Business of the 1911 season was cleared up at a meeting of the executive committee of the Church league Monday evening. The feature of the meeting was the reading of the final report of Treasurer C. S. McKean, which was approved.

Three of the heaviest expenditures for the season were for repairing the grounds. \$204.29, baseballs, \$150, umpires, \$104, and ground keeper \$130. Total receipts were \$907.19, and total expenditures were \$321.51, leaving a balance of \$585.68 in the treasury. Each club was awarded \$10.

FISH DIE FROM THE EFFECT OF ACID IN WATER

The manner in which fish have been caught at Rices Landing within the past few days is astonishing says the Waynesburg Times. It is said to be on account of the laural leaves which fall into Cheat River, coloring that stream almost a dense black and also carrying the same coloring matter into the broader and deeper channel of the river. Not only the coloring matter but also certain alkaloid poisons of a deadly nature are thus conveyed into the waters of the placid Monongahela and many fish have been killed by these currents of poison.

In Pumpkin Run, a little stream which empties into the Monongahela river at Rices Landing, near the school house, more than 200 pounds of fish were caught yesterday. It is extremely difficult to decide whether or not captured is the proper word, since no resistance was offered and apparently the fish were practically helpless.

Boys wading slightly more than knee deep could catch them up by the handfuls and a more interesting sight, it is stated, is a resident of Rices Landing, was never seen in that vicinity.

Just how long this slaughter of the finny tribe is to continue is an unsettled question and may indeed never be satisfactorily answered. While trees continue to drop leaves and runs and rivers do not cease to flow there is reason for believing that the poisons will circulate. The fish and game commission has taken the matter under advisement and some steps to eliminate the trouble may soon be taken.

RAILROAD WILL INSTRUCT ALONG SAFETY MOVEMENT

The Pennsylvania Railroad company has announced that it intends to prosecute even more vigorously its work of instructing its employees in the art of rendering "First Aid to the Injured." Lectures are to be given to employees all over the system, and the men have been notified that attendance at the lectures and the interest shown in them will be considered when they are up for promotion.

It is expected through this plan of education eventually to reach all employees who may be called upon to give aid. Official records show that in 1908, 1909 and 1910, exactly 15,667 men received instruction on this subject.

In order to make this educational work as valuable as possible to the community, officers of the Company have decided to invite to the lectures in the various cities, towns and boroughs where they are given, the local firemen and policemen, men liable at any time to be called on to utilize such instruction.

Lectures are given by the medical examiners of the Relief Department. Employees are taught how to place injured persons on stretchers and how to carry the injured. They likewise receive instructions for taking primary care of wounds, fractures, burns and shocks, without the use of drugs, until competent medical aid can be obtained. They are also instructed in the emergency treatment of pain, unconsciousness, convulsions, effects of heat and cold and resuscitation from electric shock. The lectures are simple, and can be comprehended by any intelligent layman.
